STODDARD FIELD
PARK MASTER PLAN
Town of Canaan, New York

Interactive Public Engagement Map!
Tell us what you think!

Explore the map, click on different areas, and share your ideas—your input will help guide improvements and create a Park that reflects the community. Feedback will help provide information needed to guide the design process and help define the Park Plan!

A — Playground
What types of play features would you like to see, and how can this space better support your needs?

B — Parking
Existing parking is informal - potential enhancements may include a more defined layout, improved circulation, and considerations for accessibility and safety. What changes would improve your experience?

C — Open Field
Potential improvements may include reconfiguration for more flexible use, and amenities that support both organized and informal activities. How do you use this space today, and what changes would make it more functional and enjoyable for you?

D — Pond
Potential improvements may include shoreline enhancements, planting for habitat and water quality, and opportunities for seating. viewing areas, and improved access. Share your input—what improvements would make it a more enjoyable and meaningful part of the Park?

E — Basketball / Tennis / Pickleball
The existing basketball, tennis, and pickleball courts are an important part of Stoddard Field and provide space for Active Recreation. As part of the Park Master Plan, we are seeking public input to better understand how these courts are used today, what is working well, and where there may be opportunities to better serve the community in the future.

F — Pavilion
Potential improvements may include upgrades to the structure, seating, accessibility, and overall comfort. Share your input—how do you currently use the pavilion, and what changes would make it a more functional and inviting space for you?

G — EV Charging Station
Potential considerations include location, accessibility, and integration with the Park setting, as well as the ability to provide additional chargers over time to accommodate increased demand. Share your input about the EV charding stations!

H — Veterans Memorial Relocation
The relocation of the American Legion Canaan Veterans Memorial is a key component of the Stoddard Field Park Master Plan. Currently the Memorial is located at intersection of Route 5 & Post Road. The Master Plan will focus on identifying an appropriate location within the Park. Share your input—Where within the Park would you like to see it located?

I — Community Gardens
We're exploring enhancements to the existing community gardens to support continued use and potential expansion. Share your input—how do you use the gardens, and what improvements would you like to see?

J — Baseball Field
Park currently has a baseball field. Share your input—is the baseball field important to maintain?

Stony Kill
Potential considerations may include safe and environmentally sensitive seating or viewing areas, while protecting the stream corridor. Share your input—what types of experiences or improvements would you find most valuable at the Stony Kill edge?

Loop Trail
We're exploring trails through and around the park to support walking and cycling recreational uses. Share your input—would you use it, and is improved accessibility a desire?
